

THE JOURNAL
OF
Comparative Pathology
AND
Therapeutics

VOLUME LVII
1947

EDITED BY

J. G. WRIGHT	J. T. EDWARDS
T. J. BOSWORTH	R. E. GLOVER

FOUNDED IN 1888
BY
JOHN M'FADYEAN

Printed and Published by
H. R. GRUBB, LIMITED
CROYDON

INDEX TO AUTHORS IN VOL. LVII

	PAGE
ASPLIN, F. D. Observations on the Aetiology of Lymphomatosis :—	
I. Study on " Chick Disease "	116
II. The Association of " Chick Disease " Virus with Field Cases of Lymphomatosis	126
III. The Development of Lymphomatosis in Chickens Free of the " Chick Disease " Virus	134
BLAKEMORE, F. Conjunctivitis and Keratitis of Cattle and Sheep Associated with the Presence of " Cell-Inclusion " Bodies ...	223
BODDIE, G. F. Trace Element Deficiency in Livestock in the Hebrides	52
COATES, M. E., KON, S. K., SHEPHEARD, E. E., and WHITE, E. G. Some Observations on Perosis in Chicks	232
COCKBURN, T. A. <i>Salmonella typhi-murium</i> in Penguins	77
COTCHIN, E. (See Lovell, R.)	
CRAWSHAW, H. A. The Prophylactic Use of Phenanthridinium 1553 against Infection with <i>T. congolense</i> and <i>T. vivax</i>	13
DAVIES, O. L. (See Francis, J.)	
ELLENBOGEN, V. (See Olitzki, L.)	
FOGGIE, A. Studies on the Source of the Staphylococcal Infection Found in Tick Pyaemia of Lambs	245
FRANCIS, J., DAVIES, O. L., and PETERS, J. M. Studies on <i>Strepto-</i> <i>coccus agalactiae</i> Infection. I. Infection of the Chick-Embryo and Mouse	144
FRANCIS, J., DAVIES, O. L., and PETERS, J. M. Studies on <i>Strepto-</i> <i>coccus agalactiae</i> Infection. II. The Relative Potencies of the Common Sulphonamides and 4 : 4'-Diamino-Diphenyl Sulphone in the Chick Embryo and Mouse	153
FRANCIS, J., DAVIES, O. L., and PETERS, J. M. Studies on <i>Strepto-</i> <i>coccus agalactiae</i> Infection. III. The Relative Potencies of Sulphanilamide, Sulphapyridine, 4 : 4'-Diamino-Diphenyl Sulph- one and Various Soluble Derivatives against <i>Str. agalactiae</i> Infection in the Chick-Embryo and Mouse	162
FRANCIS, J. Studies on <i>Streptococcus agalactiae</i> Infection. IV. Attempts to Produce Immunity in the Mouse	170
FREUND, S. Leptospirosis in Cattle in Palestine	62
HASEEB, M. A. (See Horgan, E. S.)	
HORGAN, E. S., and HASEEB, M. A. The Immunological Relationships of Strains of Contagious Pustular Dermatitis Virus	1
HORGAN, E. S., and HASEEB, M. A. The Relationship between the Virus of Contagious Pustular Dermatitis and a Virus Isolated from Sheep Papillomatosis by Selbie	8
HUGHES, D. L. Ornithosis (Psittacosis) in a Pigeon Flock	67
KERR, W. R., and ROBERTSON, M. A Study on the Re-Exposure to <i>Tr. foetus</i> of Animals Already Exposed to the Infection as Virgin Heifers, with some Observations on the Localisation of Antibody in the Genital Tract	301

KON, S. K. (See Coates, M. E.)	
LANGRIDGE, R. (See Weitz, B.)	
LEE, R. P. (See Lowe, H. J.)	
LOVELL, R., and COTCHIN, E. Studies on <i>Corynebacterium renale</i> . III. Penicillin Treatment of Experimentally Infected Mice ...	20
LOWE, H. J., WILDE, J. K. H., LEE, R. P., and STUCHBERY, H. M. An Outbreak of an Aberrant Type of Rinderpest in Tanganyika Territory	175
MCCANCE, R. A. (See Venn, J. A. J.)	
MACLAY, M. H., and SLAVIN, G. Sulphonamide Investigations. The Activity <i>in vitro</i> of Sulphathiazole, Sulphadiazine, Sulphamerazine, Sulphapyridine, Sulphamezathine, and Sulphanilamide on Some Common Animal Pathogens	218
MACLAY, M. H. (See Slavin, G.)	
OLITZKI, L., and ELLENBOGEN, V. A Salmonella Strain Isolated from Camels in Palestine	47
PATTISON, I. H. (See Stein, J.)	
PETERS, J. M. (See Francis, J.)	
PIERCE, A. E. The Demonstration of an Agglutinin to <i>Trichomonas</i> <i>foetus</i> in the Vaginal Discharge of Infected Heifers	84
ROBERTS, R. S. An Immunological Study of <i>Pasteurella septica</i> ...	261
ROBERTSON, M. (See Kerr, W. R.)	
SHEAHAN, M. M. The Ascorbic Acid Content of the Blood Serum of Farm Animals	28
SHEPHEARD, E. E. (See Coates, M. E.)	
SLAVIN, G., and MACLAY, M. H. Sulphonamide Investigations. Treatment of Experimental <i>Pasteurella septica</i> , <i>Ery. rhusiopathiae</i> and <i>S. cholerae-suis</i> Infections in Mice with Sulphathiazole, Sulphadiazine, Sulphamezathine and Sulphapyridine	209
SLAVIN, G. (See Maclay, M. H.)	
SMITH, W. H. The Examination of Staphylococci of Animal Origin with Particular Regard to the Determination of Criteria of Pathogenicity	98
SOMEREN, V. D. V. A Sedimentation Method for the Detection and Counting of Fasciola Eggs in Faeces	240
STEIN, J., and PATTISON, I. H. Bacteriological Findings at <i>Post-</i> <i>mortem</i> Examination of Pigs in Palestine	184
STEWART, J. L. Phenanthridinium 1553 as a Preventive Against Animal Trypanosomiasis in the Gold Coast	79
STUCHBERY, H. M. (See Lowe, H. J.)	
VENN, J. A. J., MCCANCE, R. A., and WIDDOWSON, E. M. Iron Metabolism in Piglet Anaemia	314

	PAGE
WEITZ, B. The Bacterial Flora found in the Vagina of Dairy Cows with Special Reference to Corynebacteria	191
WEITZ, B. Studies on <i>C. pyogenes</i> Antitoxin in Relation to Immunity. I. The Production of <i>C. pyogenes</i> Antitoxin in the Serum of Normal Dairy Cows Following the Inoculation of Alum-Precipitated Toxoid and of a Commercial Toxoid	279
WEITZ, B., and LANGRIDGE, R. Studies on <i>C. pyogenes</i> Antitoxin in Relation to Immunity. II. The Effect of Alum-Precipitated Toxoid and Vaccine on the Artificial Infection of the Udder of the Ewe with <i>C. pyogenes</i>	286
WHITE, E. G. (See Coates, M. E.)	
WIDDOWSON, E. M. (See Venn, J. A. J.)	
WILDE, J. K. H. The Maintenance of Cattle under Conditions of Tsetse Fly Infestation in the Field	294
WILDE, J. K. H. (See Lowe, H. J.)	
ZLOTNIK, I. Types of Cells Present in Cow's Milk	196

INDEX TO SUBJECTS

AETIOLOGY of Lymphomatosis. Observations on the.	
I. Study on "Chick Disease." F. D. Asplin	116
II. The Association of "Chick Disease" Virus with Field Cases of Lymphomatosis. F. D. Asplin	126
III. The Development of Lymphomatosis in Chickens Free of the "Chick Disease" Virus. F. D. Asplin	134
Agglutinin to <i>Trichomonas foetus</i> in the Vaginal Discharge of Infected Heifers. The Demonstration of an. A. E. Pierce	84
Alum-Precipitated Toxoid and of a Commercial Toxoid. The Production of <i>C. pyogenes</i> Antitoxin in the Serum of Normal Dairy Cows Following the Inoculation of. B. Weitz	279
Alum-Precipitated Toxoid and Vaccine on the Artificial Infection of the Udder of the Ewe with <i>C. pyogenes</i> . B. Weitz and R. Langridge	286
Anaemia. Iron Metabolism in Piglet. J. A. J. Venn, R. A. McCance and E. M. Widdowson	314
Animals. The Ascorbic Acid Content of the Blood Serum of Farm. M. M. Sheehan	28
Animal Trypanosomiasis in the Gold Coast. Phenanthridinium 1553 as a Preventive Against. J. L. Stewart	79
Animal Origin with Particular Regard to the Determination of Criteria of Pathogenicity. The Examination of Staphylococci of. H. William Smith	98
Animal Pathogens. The Activity <i>in vitro</i> of Sulphathiazole, Sulphadiazine, Sulphamerazine, Sulphapyridine, Sulphamezathine and Sulphanilamide on Some Common. M. H. Maclay and G. Slavin	218
Antibody in the Genital Tract. A Study on the Re-Exposure to <i>Tr. foetus</i> of Animals Already Exposed to the Infection as Virgin Heifers, with Some Observations on the Localisation of. W. R. Kerr and M. Robertson	301

	PAGE
Antitoxin in Relation to Immunity. Studies on <i>C. pyogenes</i> .	
I. The Production of <i>C. pyogenes</i> Antitoxin in the Serum of Normal Dairy Cows Following the Inoculation of Alum-Precipitated Toxoid and of a Commercial Toxoid. B. Weitz	279
II. The Effect of Alum-Precipitated Toxoid and Vaccine on the Artificial Infection of the Udder of the Ewe with <i>C. pyogenes</i> . B. Weitz and R. Langridge	286
Ascorbic Acid Content of the Blood Serum of Farm Animals. The. M. M. Sheehan	28
BACTERIAL Flora found in the Vagina of Dairy Cows with Special Reference to Corynebacteria. The. B. Weitz	191
Bacteriological Findings at <i>Post-mortem</i> Examination of Pigs in Palestine. J. Stein and I. H. Pattison	184
Blood Serum of Farm Animals. The Ascorbic Acid Content of the. M. M. Sheehan	28
CAMELS in Palestine. A Salmonella Strain Isolated from. L. Olitzki and V. Ellenbogen	47
Cattle. Sex Hormones in the Urine of Pregnant Cattle. L. B. O'Moore	36
Cattle in Palestine. Léptospirosis in. S. Freund	62
Cattle and Sheep Associated with the Presence of "Cell-Inclusion" Bodies. Conjunctivitis and Keratitis of. F. Blakemore ...	223
Cells present in Cow's Milk. Types of. I. Zlotnik	196
Cell-Inclusion Bodies. Conjunctivitis and Keratitis of Cattle and Sheep Associated with the Presence of. F. Blakemore ...	223
Chick Disease. I. Study on. F. D. Asplin	116
Chick Disease Virus with Field Cases of Lymphomatosis. II. The Association of. F. D. Asplin	126
Chick Disease Virus. III. The Development of Lymphomatosis in Chickens Free of the. F. D. Asplin	134
Chicks. Some Observations on Perosis in. M. E. Coates, S. K. Kon, E. E. Shepherd and E. G. White	232
Chick-Embryo and Mouse. I. Infection of the. J. Francis and J. M. Peters	144
Chick-Embryo and Mouse. II. The Relative Potencies of the Common Sulphonamides and 4:4'-Diamino-Diphenyl Sulphone in the. J. Francis, J. M. Peters and O. L. Davies	153
Chick-Embryo and Mouse. III. The Relative Potencies of Sulphanilamide, Sulphapyridine, 4:4'-Diamino-Diphenyl Sulphone and Various Soluble Derivatives Against <i>Str. agalactiae</i> Infection in the. J. Francis, J. M. Peters and O. L. Davies	162
Commercial Toxoid. The Production of <i>C. pyogenes</i> Antitoxin in the Serum of Normal Dairy Cows Following the Inoculation of Alum-Precipitated Toxoid and of a. B. Weitz	279
Conjunctivitis and Keratitis of Cattle and Sheep Associated with the Presence of "Cell-Inclusion" Bodies. F. Blakemore	223
Contagious Pustular Dermatitis Virus. The Immunological Relationships of Strains of. E. S. Horgan and Mansour Ali Haseeb ...	1

	PAGE
Contagious Pustular Dermatitis and a Virus Isolated from Sheep Papillomatosis by Selbie. The Relationship between the Virus of. S. E. Horgan and Mansour Ali Haseeb	8
<i>Corynebacterium renale</i> . III. Penicillin Treatment of Experimentally Infected Mice. Studies on. R. Lovell and E. Cotchin ...	20
Corynebacteria. The Bacterial Flora found in the Vagina of Dairy Cows with Special Reference to. B. Weitz	191
<i>C. pyogenes</i> Antitoxin in the Serum of Normal Dairy Cows Following the Inoculation of Alum-Precipitated Toxoid and of a Commercial Toxoid. I. The Production of. B. Weitz	279
<i>C. pyogenes</i> . II. The Effect of Alum-Precipitated Toxoid and Vaccine on the Artificial Infection of the Udder of the Ewe with. B. Weitz and R. Langridge	286
Counting of Fasciola Eggs in Faeces. A Sedimentation Method for the Detection and. V. D. V. Someren	240
Cows with Special Reference to Corynebacteria. The Bacterial Flora found in the Vagina of Dairy. B. Weitz	191
Cow's Milk. Types of Cells Present in. I. Zlotnik	196
Cows Following the Inoculation of Alum-Precipitated Toxoid and of a Commercial Toxoid. I. The Production of <i>C. pyogenes</i> Antitoxin in the Serum of Normal Dairy. B. Weitz	279
DEFICIENCY in Livestock in the Hebrides. Trace Element. G. F. Boddie	52
Dermatitis and a Virus isolated from Sheep Papillomatosis by Selbie. The Relationship between the Virus of Contagious Pustular. S. E. Horgan and Mansour Ali Haseeb	8
Dermatitis Virus. The Immunological Relationships of Strains of Contagious Pustular. E. S. Horgan and Mansour Ali Haseeb ...	1
Detection and Counting of Fasciola Eggs in Faeces. A Sedimentation Method for the. V. D. V. Someren	240
EGGS in Faeces. A Sedimentation Method for the Detection and Counting of Fasciola. V. D. V. Someren	240
<i>Ery. rhusiopathiae</i> and <i>S. cholerae-suis</i> infections in Mice with Sulphathiazole, Sulphadiazine, Sulphamezathine and Sulphapyridine. Treatment of Experimental <i>Pasteurella septica</i> . G. Slavin and M. H. Maclay	209
Experimental <i>Pasteurella septica</i> , <i>Ery. rhusiopathiae</i> and <i>S. cholerae-suis</i> infections in Mice with Sulphathiazole, Sulphadiazine, Sulphamezathine and Sulphapyridine. Treatment of. G. Slavin and M. H. Maclay	209
Ewe with <i>C. pyogenes</i> . The Effect of Alum-Precipitated Toxoid and Vaccine on the Artificial Infection of the Udder of the. B. Weitz and R. Langridge	286
FAECES. A Sedimentation Method for the Detection and Counting of Fasciola Eggs in. V. D. V. Someren	240
Fasciola Eggs in Faeces. A Sedimentation Method for the Detection and Counting of. V. D. V. Someren	240
Flora found in the Vagina of Dairy Cows with Special Reference to Corynebacteria. The Bacterial. B. Weitz	191

	PAGE
Fly Infestation in the Field. The Maintenance of Cattle under Conditions of Tsetse. J. K. H. Wilde	294
GENITAL Tract. A Study on the Re-Exposure to <i>Tr. foetus</i> of Animals Already Exposed to the Infection as Virgin Heifers, with Some Observations on the Localisation of Antibody in the. W. R. Kerr and M. Robertson	301
Gold Coast. Phenanthridinium 1553 as a Preventive Against Animal Trypanosomiasis in the. J. L. Stewart	79
HEBRIDES. Trace Element Deficiency in Livestock in the. G. F. Boddie	52
Heifers. The Demonstration of an Agglutinin to <i>Trichomonas foetus</i> in the Vaginal Discharge of Infected. A. E. Pierce	84
Heifers, with Some Observations on the Localisation of Antibody in the Genital Tract. A Study on the Re-Exposure to <i>Tr. foetus</i> of Animals Already Exposed to the Infection as Virgin. W. R. Kerr and M. Robertson	301
Hormones in the Urine of Pregnant Cattle. Sex. L. B. O'Moore ...	36
IMMUNITY in the Mouse. Attempts to Produce. J. Francis ...	170
Immunity. Studies on <i>C. pyogenes</i> Antitoxin in Relation to.	
I. The Production of <i>C. pyogenes</i> Antitoxin in the Serum of Normal Dairy Cows Following the Inoculation of Alum-Precipitated Toxoid and of a Commercial Toxoid. B. Weitz	279
II. The Effect of Alum-Precipitated Toxoid and Vaccine on the Artificial Infection of the Udder of the Ewe with <i>C. pyogenes</i> . B. Weitz and R. Langridge	286
Immunological Relationships of Strains of Contagious Pustular Dermatitis Virus. The. E. S. Horgan and Mansour Ali Haseeb ...	1
Immunological Study of <i>Pasteurella septica</i> . An. R. S. Roberts ...	261
Infected Heifers. The Demonstration of an Agglutinin to <i>Trichomonas foetus</i> in the Vaginal Discharge of. A. E. Pierce ...	84
Infection with <i>T. congolense</i> and <i>T. vivax</i> . The Prophylactic Use of Phenanthridinium 1553 against. H. A. Crawshaw	13
Infection. Studies on <i>Streptococcus agalactiae</i> .	
I. Infection of the Chick-Embryo and Mouse. J. Francis and J. M. Peters	144
II. The Relative Potencies of the Common Sulphonamides and 4:4'-Diamino-Diphenyl Sulphone in the Chick-Embryo and Mouse. J. Francis, J. M. Peters and O. L. Davies	153
III. The Relative Potencies of Sulphanilamide, Sulphapyridine, 4:4'-Diamino-Diphenyl Sulphone and Various Soluble Derivatives Against <i>Str. agalactiae</i> Infection in the Chick-Embryo and Mouse. J. Francis, J. M. Peters and O. L. Davies	162
IV. Attempts to Produce Immunity in the Mouse. J. Francis	170

Infection as Virgin Heifers, with Some Observations on the Localisation of Antibody in the Genital Tract. A Study on the Re-Exposure to <i>Tr. foetus</i> of Animals Already Exposed to the. W. R. Kerr and M. Robertson	301
Infection Found in Tick Pyaemia of Lambs. Studies on the Source of Staphylococcal. A. Foggie	245
Infection of the Udder of the Ewe with <i>C. pyogenes</i> . The Effect of Alum-Precipitated Toxoid and Vaccine on the Artificial. B. Weitz and R. Langridge	286
Infestation in the Field. The Maintenance of Cattle under Conditions of Tsetse Fly. J. K. H. Wilde	294
Iron Metabolism in Piglet Anaemia. J. A. J. Venn, R. A. McCance and E. M. Widdowson	314
KERATITIS of Cattle and Sheep Associated with the Presence of "Cell-Inclusion" Bodies. Conjunctivitis and. F. Blakemore ...	223
LAMBS. Studies on the Source of the Staphylococcal Infection Found in Tick Pyaemia of. A. Foggie	245
Leptospirosis in Cattle in Palestine. S. Freund	62
Lymphomatosis. Observations on the Aetiology of.	
I. Study on "Chick Disease." F. D. Asplin	116
II. The Association of "Chick Disease" Virus with Field Cases of Lymphomatosis. F. D. Asplin	126
III. The Development of Lymphomatosis in Chickens Free of the "Chick Disease" Virus. F. D. Asplin	134
METABOLISM in Piglet Anaemia. Iron. J. A. J. Venn, R. A. McCance and E. M. Widdowson	314
Mice. Studies on <i>Corynebacterium renale</i> . III. Penicillin Treatment of Experimentally Infected. R. Lovell and E. Cotchin ...	20
Mice with Sulphathiazole, Sulphadiazine, Sulphamezathine and Sulphapyridine. Treatment of Experimental <i>Pasteurella septica</i> , <i>Ery. rhusiopathiae</i> and <i>S. cholerae-suis</i> Infections in. G. Slavin and M. H. Maclay	209
Milk. Types of Cells present in Cow's. I. Zlotnik	196
Mouse. Infection of the Chick-Embryo and. J. Francis and J. M. Peters	144
Mouse. The Relative Potencies of the Common Sulphonamides and 4:4'-Diamino-Diphenyl Sulphone in the Chick-Embryo and. J. Francis, J. M. Peters and O. L. Davies	153
Mouse. The Relative Potencies of Sulphanilamide, Sulphapyridine, 4:4'-Diamino-Diphenyl Sulphone and Various Soluble Derivatives Against <i>Str. agalactiae</i> Infection in the Chick-Embryo and. J. Francis, J. M. Peters and O. L. Davies	162
Mouse. Attempts to Produce Immunity in the. J. Francis ...	170
ORNITHOSIS (Psittacosis) in a Pigeon Flock. D. L. Hughes... ..	67
PALESTINE. A Salmonella Strain Isolated from Camels in. L. Olitzki and V. Ellenbogen	47
Palestine. Leptospirosis in Cattle in. S. Freund	62

	PAGE
Palestine. Bacteriological Findings at <i>Post-mortem</i> Examination of Pigs in. J. Stein and I. H. Pattison	184
Papillomatosis by Selbie. The Relationship between the Virus of Contagious Pustular Dermatitis and a Virus isolated from Sheep. S. E. Horgan and Mansour Ali Haseeb	8
<i>Pasteurella septica</i> , <i>Ery. rhusiopathiae</i> and <i>S. cholerae-suis</i> Infections in Mice with Sulphathiazole, Sulphadiazine, Sulphamezathine and Sulphapyridine. Treatment of Experimental. G. Slavin and M. H. Maclay	209
<i>Pasteurella septica</i> . An Immunological Study of. R. S. Roberts ...	261
Pathogenicity. The Examination of Staphylococci of Animal Origin with Particular Regard to the Determination of Criteria of. H. W. Smith... ..	98
Pathogens. The Activity <i>in vitro</i> of Sulphathiazole, Sulphadiazine, Sulphamerazine, Sulphapyridine, Sulphamezathine and Sulphanilamide on Some Common Animal. M. H. Maclay and G. Slavin	218
Penguins. <i>Salmonella typhi-murium</i> in. T. A. Cockburn	77
Penicillin Treatment of Experimentally Infected Mice. Studies on <i>Corynebacterium renale</i> . III. R. Lovell and E. Cotchin ...	20
Perosis in Chicks. Some Observations on. M. E. Coates, S. K. Kon, E. E. Shepherd and E. G. White... ..	232
Phenanthridinium 1553 against Infection with <i>T. congolense</i> and <i>T. vivax</i> . The Prophylactic Use of. H. A. Crawshaw ...	13
Phenanthridinium 1553 as a Preventive Against Animal Trypanosomiasis in the Gold Coast. J. L. Stewart	79
Pigeon Flock. Ornithosis (Psittacosis) in a. D. L. Hughes ...	67
Piglet Anaemia. Iron Metabolism in. J. A. J. Venn, R. A. McCance and E. M. Widdowson	314
Pigs in Palestine. Bacteriological Findings at <i>Post-mortem</i> Examination of. J. Stein and I. H. Pattison	184
Pregnant Cattle. Sex Hormones in the Urine of. L. B. O'Moore ...	36
Preventive Against Animal Trypanosomiasis in the Gold Coast. Phenanthridium 1553 as a. J. L. Stewart	79
Prophylactic Use of Phenanthridinium 1553 against Infection with <i>T. congolense</i> and <i>T. vivax</i> . The. H. A. Crawshaw	13
Psittacosis in a Pigeon Flock. Ornithosis. D. L. Hughes	67
Pustular Dermatitis Virus. The Immunological Relationships of Strains of Contagious. E. S. Horgan and Mansour Ali Haseeb	1
Pustular Dermatitis and a Virus Isolated from Sheep Papillomatosis by Selbie. The Relationship between the Virus of Contagious. S. E. Horgan and Mansour Ali Haseeb	8
Pyæmia of Lambs. Studies on the Source of the Staphylococcal Infection Found in Tick. A. Foggie	245
RINDERPEST in Tanganyika Territory. An Outbreak of an Aberrant Type of. H. J. Lowe, J. K. H. Wilde, R. P. Lee and H. M. Stuchbery	175

	PAGE
SALMONELLA Strain Isolated from Camels in Palestine. A. L. Olitzki and V. Ellenbogen	47
<i>Salmonella typhi-murium</i> in Penguins. T. A. Cockburn	77
<i>S. cholerae-suis</i> Infections in Mice with Sulphathiazole, Sulphadiazine, Sulphamezathine and Sulphapyridine. Treatment of Experimental <i>Pasteurella septica</i> , <i>Ery. rhusiopathiae</i> and. G. Slavin and M. H. Maclay	209
SEDIMENTATION Method for the Detection and Counting of Fasciola Eggs in Faeces. A. V. D. V. Someren	240
<i>Septica</i> . An Immunological Study of <i>Pasteurella</i> . R. S. Roberts ...	261
Serum of Farm Animals; The Ascorbic Acid Content of the Blood. M. M. Sheahan	28
Serum of Normal Dairy Cows Following the Inoculation of Alum-Precipitated Toxoid and of a Commercial Toxoid. The Production of <i>C. pyogenes</i> Antitoxin in the. B. Weitz	279
Sex Hormones in the Urine of Pregnant Cattle. L. B. O'Moore ...	36
Sheep Papillomatosis by Selbie. The Relationship between the Virus of Contagious Pustular Dermatitis and a Virus Isolated from. S. E. Horgan and Mansour Ali Haseeb	8
Sheep Associated with the Presence of "Cell-Inclusion" Bodies. Conjunctivitis and Keratitis of Cattle and. F. Blakemore ...	223
Soluble Derivatives Against <i>Str. agalactiae</i> Infection in the Chick-Embryo and Mouse. The Relative Potencies of Sulphanilamide, Sulphapyridine, 4:4'-Diamino-Diphenyl Sulphone and Various. J. Francis, J. M. Peters and O. L. Davies	162
Staphylococcal Infection Found in Tick Pyaemia of Lambs. Studies on the Source of the. A. Foggie	245
Staphylococci of Animal Origin with Particular Regard to the Determination of Criteria of Pathogenicity. The Examination of. H. W. Smith	98
Strains of Contagious Pustular Dermatitis. The Immunological Relationships of. E. S. Horgan and Mansour Ali Haseeb ...	1
<i>Streptococcus agalactiae</i> Infection. Studies on.	
I. Infection of the Chick-Embryo and Mouse. J. Francis and J. M. Peters	144
II. The Relative Potencies of the Common Sulphonamides and 4:4'-Diamino-Diphenyl Sulphone in the Chick-Embryo and Mouse. J. Francis, J. M. Peters and O. L. Davies	153
III. The Relative Potencies of Sulphanilamide, Sulphapyridine, 4:4'-Diamino-Diphenyl Sulphone and Various Soluble Derivatives Against <i>Str. agalactiae</i> Infection in the Chick Embryo and Mouse. J. Francis, J. M. Peters and O. L. Davies	162
IV. Attempts to Produce Immunity in the Mouse. J. Francis	170
Sulphathiazole, Sulphadiazine, Sulphamezathine and Sulphapyridine. Treatment of Experimental <i>Pasteurella septica</i> , <i>Ery. rhusiopathiae</i> and <i>S. cholerae-suis</i> infections in Mice with. G. Slavin and M. H. Maclay	209
Sulphathiazole, Sulphadiazine, Sulphamerazine, Sulphapyridine, Sulphamezathine and Sulphanilamide on Some Common Animal Pathogens. The Activity <i>in vitro</i> of. M. H. Maclay and G. Slavin	218

Sulphonamides and 4:4'-Diamino-Diphenyl Sulphone in the Chick-Embryo and Mouse. The Relative Potencies of the Common. J. Francis, J. M. Peters and O. L. Davies	153
Sulphanilamide, Sulphapyridine, 4:4'-Diamino-Diphenyl Sulphone and Various Soluble Derivatives Against <i>Str. agalactiae</i> Infection in the Chick-Embryo and Mouse. The Relative Potencies of. J. Francis, J. M. Peters and O. L. Davies	162
Sulphonamide Investigations.	
II. Treatment of Experimental <i>Pasteurella septica</i> , <i>Ery. rhusiopathiae</i> and <i>S. cholerae-suis</i> infections in Mice with Sulphathiazole, Sulphadiazine, Sulphamezathine and Sulphapyridine. G. Slavin and M. H. Maclay	209
III. The Activity <i>in vitro</i> of Sulphathiazole, Sulphadiazine, Sulphamerazine, Sulphapyridine, Sulphamezathine and Sulphanilamide on Some Common Animal Pathogens. M. H. Maclay and G. Slavin	218
TANGANYIKA Territory. An Outbreak of an Aberrant Type of Rinderpest in. H. J. Lowe, J. K. H. Wilde, R. P. Lee and H. M. Stuchbery	175
Tick Pyaemia of Lambs. Studies on the Source of the Staphylococcal Infection found in. A. Foggie	245
Trace Element Deficiency in Livestock in the Hebrides. G. F. Boddie	52
Treatment of Experimentally Infected Mice. Studies on <i>Corynebacterium renale</i> . III. Penicillin. E. Cotchin	20
Treatment of Experimental <i>Pasteurella septica</i> , <i>Ery. rhusiopathiae</i> and <i>S. cholerae-suis</i> Infections in Mice with Sulphathiazole, Sulphadiazine, Sulphamezathine and Sulphapyridine. G. Slavin and M. H. Maclay	209
Toxoid and of a Commercial Toxoid. The Production of <i>C. pyogenes</i> Antitoxin in the Serum of Normal Dairy Cows Following the Inoculation of Alum-Precipitated. B. Weitz	279
Toxoid and Vaccine on the Artificial Infection of the Udder of the Ewe with <i>C. pyogenes</i> . The Effect of Alum-Precipitated. B. Weitz and R. Langridge	286
<i>Trichomonas foetus</i> in the Vaginal Discharge of Infected Heifers. The Demonstration of an Agglutinin to. A. E. Pierce	84
<i>Tr. foetus</i> of Animals Already Exposed to the Infection as Virgin Heifers, with Some Observations on the Localisation of Antibody in the Genital Tract. A Study on the Re-Exposure to. W. R. Kerr and M. Robertson	301
<i>T. congolense</i> and <i>T. vivax</i> . The Prophylactic Use of Phenanthridinium 1553 against infection with. H. A. Crawshaw	13
<i>T. vivax</i> . The Prophylactic Use of Phenanthridinium 1553 against Infection with <i>T. congolense</i> and. H. A. Crawshaw	13
Trypanosomiasis in the Gold Coast. Phenanthridinium 1553 as a Preventive Against Animal. J. L. Stewart	79
Tsetse Fly Infestation in the Field. The Maintenance of Cattle under Conditions of. J. K. H. Wilde	294

	PAGE
UDDER of the Ewe with <i>C. pyogenes</i> . The effect of Alum-Precipitated Toxoid and Vaccine on the Artificial Infection of the. B. Weitz and R. Langridge	286
Urine of Pregnant Cattle. Sex Hormones in the. L. B. O'Moore ...	36
